Course Overview	JA4 is a class for Pre-intermediate level international students. The first half of the course is for a JLPT N3 test in the fields of vocabulary, grammar, and reading. If there are no students who take the JLPT, we will use the textbooks for the pre-intermediate level, to make them hole down the grammar, write essays using that grammar, read some slightly longer passages, and express their opinions about them.		
Course Objectives	The course aims to have students acquire the following abilities: (1) Kanji and basic vocabulary of equivalent level to N3. (2) The four skills of equivalent level to N3 by learning grammar. (3) The ability to express own thoughts and write in an essay by reading slightly longer passages.
